

Trent School's Esafety Rules

We use the internet safely to help us learn.

We will remember that not all information on the internet is reliable and people may not be who they say they are.

If we see anything on the internet or in an email that makes us uncomfortable we know to minimize the screen and tell an adult.

We know to never share passwords or personal information like our family name, address or phone number.

If we receive a message from someone we don't know, we will tell our teacher or parent immediately.

We will only open files or download documents we trust. If we are unsure we will ask an adult.

We only send messages which are polite and friendly.
