15.1.5 What type of bomb is it and what type of explosive?

15.1.6 Who are you?

15.1.7 Why are you doing this?

15.1.8 Do you have a code word?

15.2 Staff should note the time of the call and write down exactly what was said by the person calling. This may be useful for the police. The staff member receiving the call should then contact the Headteacher who will then alert the police and the LA.

15.3 The Headteacher will decide whether or not to evacuate the building.

16. Evacuation

16.1 If an evacuation is deemed necessary, the following procedure will take place.

16.2 All senior staff will be informed of the situation NOT by the use of radios or mobile phones. The evacuation will then take place as per fire drill. Except staff will be instructed to:

- Leave all doors and windows open (excluding the area in which the bomb or suspicious package is positioned, this room should be sealed with all windows and doors closed).
- Take all personal items with them to avoid unnecessary searching.

Staff and pupils will be asked to make their way to the normal fire assembly area (the area should be moved if close to the area of the bomb or suspicious package).

18.3 All staff and pupils must be provided with protective eyewear in all workshops and laboratories. Visitors must also be supplied with protective equipment when appropriate.

18.4 Staff and pupils must use the PPE provided, and use it and care for it according to the instructions and training given. They must also report any loss or defects to their superior.

18.5 The PPE must fit the wearer properly. Where more than one item of PPE must be worn, they should be compatible and remain effective.

18.6 PPE must not be worn if a hazard is caused by wearing it that is greater than the hazard it is intended to protect the wearer from.

18.7 PPE includes: laboratory and workshop equipment such as tool box tools, protective clothing, safety footwear and face masks; PE equipment; ICT equipment; photocopiers and other office equipment; lifting equipment; and respiratory protective equipment (RPE).

18.8 Clothing which is not specifically designed to preserve the health and safety of the wearer does not constitute PPE, e.g. school uniform.

18.9 Thorough risk assessments are carried out to determine the suitable PPE to be used for each hazard and these are regularly reviewed.

18.10 Staff and pupils can expect that any equipment they use is suitable for its intended use and is properly maintained.

18.11 Staff will receive health and safety training in order to ensure they know how to properly use, maintain and store PPE, and how to detect and report faults.
