

The Curriculum, Parent and Pupil Welfare Committee met once during the Autumn Term 2017. A statutory requirement of each committee is to review the Terms of Reference annually; this we do during this term. We also discussed and amended the Governors' Action Plan. Various Staff members updated us on R.E., Foundation Subject Assessment and the Sports Council. The highlight was meeting the two Year 6 members of the School Council who gave us an overview of their plans for the next year.
