

Family circles is a new Trent PSHE initiative we are really looking forward to developing over the year. It is designed as a forum for pupil voice, to develop friendships and to create support networks across all year groups. We also will be working on promoting the new Trent values and in these family groups will be looking at what this means. This we hope will build empathy and emotional resilience.

There are 6 families (red, orange, yellow, green, blue, purple) and the children are split into these families across all year groups. Each half term, the families are taken out by Mrs. Breheny to work on PSHE curriculum and pupil voice.
